## SUMMARY

A passionate Computer Science student at BINUS University specializing in Interactive Multimedia. Eager to secure an internship at the intersection of UI/UX design and project leadership, leveraging strong organizational experience from HIMTI to build engaging and user-centric digital products. Possesses a solid foundation in design principles, cross-functional collaboration, and data-driven project management.

## EXPERIENCE

**General Manager of Relation Expansion Commission** Mar 2025 – Present  
HIMTI, BINUS University

- Managed a large team of 130 activists and managers, coordinating two main divisions (HIMTI Care & Publication and Marketing) to achieve organizational targets.
- Led the sale and distribution of 215 HIMTI starter packs, demonstrating end-to-end project management from procurement to delivery.
- Elevated the Publication and Marketing division’s contribution by initiating LinkedIn content creation and providing strategic input for social media promotions.
- Acted as Supervisor & Advisor for the Gathering Night committee (August 2025), mentoring the team to ensure autonomous development and successful event execution.

**Project Manager – HIMTI Gathering Night** Feb 2025 – May 2025  
HIMTI, BINUS University

- Successfully organized a 2-day, 1-night event for 48 participants, overseeing all project phases from planning to execution.
- Coordinated a 12-member committee in collaboration with the Main Executive Board, ensuring seamless communication and task alignment.

## LEADERSHIP & VOLUNTEER HIGHLIGHTS

HIMTI, BINUS University Aug 2024 – Jun 2025

- Showcased progressive leadership across 5 major HIMTI events, holding roles from on-site Volunteer and Staff to Vice Coordinator and Coordinator of the Logistics Security Division.
- Proactively resolved inter-divisional miscommunications by initiating shared progress trackers (Google Docs/Sheets) and facilitating regular follow-ups to ensure project alignment.
- Named **Best Mentor** at a prospective activist event by successfully guiding 28 candidates in creating comprehensive event proposals.
- Served as **Master of Ceremonies** for a technical online workshop (53 participants) and a large-scale student webinar (578 participants).

## EDUCATION

**BINUS University** 2023 – Present  
Bachelor of Computer Science – Specialization in Interactive Multimedia

- GPA: 3.38/4.00
- Relevant Coursework:** Human and Computer Interaction, Software Engineering, Multimedia Systems, Game Design, Artificial Intelligence.
